Jobtracker

Mobiva Jobtracker Data-Driven Mobile Workforce Solution

Empowering Field Teams in Emerging Markets

Unique Advantages:

- » Comprehensive Real-Time Tracking • Holistic view of your entire mobile workforce • Make informed decisions with up-to-the-minute location data
- » Integrated Job Management • Create, assign, and monitor jobs efficiently • Match workers' skills with job requirements
- » All-in-One Communication Hub • In-app messaging and broadcast features • Streamline team coordination without additional tools

Discover New Possibilities:

- » Emergency Response Coordination • Real-time GPS tracking of first responders • Instant team messaging for rapid decision-making • Health check-ins for responders in hazardous situations
- » Event Management • Coordinate staff across multiple locations • QR code check-ins for temporary workforce attendance • Real-time expense tracking and cash flow management
- » Remote Healthcare Delivery • Coordinate mobile healthcare workers efficiently • Secure data collection with photo and e-signature capture • Manage and track medical supply logistics
- » Environmental Monitoring • Track field researchers with GPS positioning • Capture photos and videos for environmental documentation • Manage conservation project budgets and expenses

One Solution, Endless Applications

- » Mobile Education Programs • Coordinate teachers in rural education initiatives • Track lesson delivery and student attendance • Manage distribution of educational resources
- » Agricultural Extension Services • Schedule and coordinate farm visits by advisors • Record crop data and pest issues with photo evidence • Track distribution of agricultural inputs and expenses
- » Utility Service Management • Efficiently assign and track maintenance crews • Handle repair tickets in real-time with status updates • Document infrastructure conditions with photo/video capture
- » Compliance and Audit Management • Conduct on-site inspections with customizable digital forms • Capture e-signatures for audit completions • Generate instant reports and track follow-up actions

Key Features Driving Innovation:

- Real-time GPS Tracking and Job Assignment
- Customizable Data Collection Forms
- Integrated In-App Messaging
- Expense Claims and Cash Flow Management
- Photo, Video, and E-signature Capture
- Offline Capability for Remote Areas
- Comprehensive Reporting and Analytics

Why Mobiva Jobtracker?

- Proven in international development projects (ADB in Vietnam and Mongolia)
- Designed for challenging environments in emerging markets
- User-friendly interface for quick adoption
- Scalable from small teams to large projects
- Robust security for sensitive data
